

THE GREATEST DAY

In the History of the Annual Moundville Camp Meeting.

AN OVERFLOW MEETING REQUIRED

In the Park Yesterday Afternoon to Accommodate the People Who Could Not Find Seats in the Auditorium—Sermons by Drs. Spencer and Bickley—Interesting Special Services Held.

The services at the Moundville campmeeting seem to grow more interesting as they near the close. Rev. T. J. Johnson, of the northern Indiana conference, preached on Friday night. His theme was, "God's plans never fail," and he delivered his message eloquently and earnestly. Mr. Johnson is a West Virginia boy, born and reared in Mason county.

On Saturday morning Rev. F. N. Lynch led the morning service, which was an experience meeting. Dr. Riker conducted a pentecostal service at 10:30, which lasted until noon.

At 2:30 p. m. a joint meeting of the young people and children was held, at which Drs. Riker and Spencer were the principal speakers. Saturday Dr. Spencer preached a great sermon, and held an altar service at its close. Several conversions were reported, and many believers were strengthened greatly. The services did not close until eleven o'clock, and then all seemed reluctant to leave.

Sunday morning opened bright and fair. The rains of Saturday had laid the dust, and every one seemed to be influenced by the beauties of nature. The people from the country came on foot, on horseback and in carriages, and they came by the hundreds. The trains brought great crowds, and this was decidedly the day of the meeting. There were many more there than attended one week ago. The first service of the day was a prayer meeting at 6 o'clock, led by Rev. W. T. Holmes. Quite a number attended.

The 9 o'clock experience meeting was under the care of Rev. F. N. Lynch. It was an old-fashioned class meeting carried on in true Methodist style. At 10:30 Dr. Spencer preached a most eloquent sermon to a large audience. He is a great preacher, as was evidenced by the manner in which he swayed the great auditorium full of people. He asked at the close that every one in the congregation shake hands with the preacher. Nearly all did so, and the scene at the time was very impressive.

The singing in the morning was a feature. Misses Donley and Zou Hastings sang solos, assisted by the choir in the choruses.

At 1:30 p. m. Rev. Mr. Denton opened the young people's meeting. The singing was led by Mrs. Moore, Miss Israel at the organ. Mr. Denton was most happy and eloquent in his talk to the young people, and at the close of the talk he called them around the altar for a consecration service.

At 2:30 the choir gave a song service. Solos were sung by Mrs. Stanton and Miss Zou Hastings, and an anthem by the choir. The leader, Prof. Burke, at times uses his cornet to good advantage. Miss Donley sang a very beautiful solo at the beginning of the preaching service.

Rev. Dr. Bickley, of Thomson M. E. church, preached from the words, "There remaineth therefore a rest for the people of God." His theme was "Rest." He referred to the great struggle for happiness and rest by the people of the world, how they strive for it in every way imaginable, how they imagine they have found it; but it is only transitory; it lasts but for a season and generally a very short season. Soul rest can only be found in God. He has promised this rest. It can be had in this life, and it will be eternal in the life to come. He referred to the many passages of scripture foretelling this rest, and closed with an earnest appeal for all to enter into it now, for today is the only time promised for sure.

Following the sermon was the administration of the Lord's Supper, which was a very solemn and impressive service.

An overflow meeting was held in the park to accommodate the many who could not find seats in the auditorium. It was led by Rev. Mr. Denton, and Rev. T. J. Johnson, of Indiana, preached a short, impressive and eloquent sermon.

The children's meeting was held at the usual time and was led by Mrs. Calvert. This was the last children's meeting, and the service was more than usually impressive.

The lay members' prayer meeting at five o'clock was led by Messrs. Hicks and Matthews, and was a very enjoyable one.

The song service by the choir before the evening service consisted of songs and choruses. Miss Annie Peley sang a solo and a chorus was sung. Prof. Burke singing the solo and the choir the chorus. A quartette was also sung, after which Rev. G. W. Grimes made the announcements. The congregation sang "O, for a Thousand Tongues to Sing," led by the choir. Mr. Grimes made the opening prayer, and Dr. Spencer preached from the words:

"Behold, now is the accepted time; behold, now is the day of salvation." He asked particular attention to the word "now," the golden now. He said there never was a time in the history of the world when there were so many open doors to success. But I want to speak of the golden now to salvation. First, it is the privilege of every man and woman to have an ever present salvation. A woman was asked, "How long have you been a Christian?" Said she, "If you ask me how long I have been a communicant, I answer fourteen years; but if you ask how long since I have been converted, I answer two weeks." In listening to Mr. Moody, I found that it was my privilege to love Christ in my heart, and I was converted in a moment. And so may we all be if we are not already safely resting in Jesus.

But someone asks, While there is life is there not hope? I am not sure about that. Aaron Burr, in his nineteenth year, was powerfully convicted, and for two weeks hung his hands in great agony. He left college for two weeks to get rid of the excitement of the revival, and he got rid of it. He was a man of great genius, but he never was convicted again, and he said just before he died that he settled the question of his own soul's loss fifty years before at college.

It isn't true that while the light holds out to turn, the vilest sinner may return. God will never turn away from the sinner, but the sinner may lose the power to repent.

He told the story of the man who went down into a cavern with a single light, and when he found that the light might go out, he saved his light and returned his steps, knowing that if his light went out he was lost. He urged the sinner to not put out the light of God by refusing to turn to him now. He gave a number of instances where

the day of grace had been snatched away. He gave also an instance of a young woman who did yield, and who, had she not done so, would never have had another chance. She died soon after, leaving bright testimony that she went home to God. His exhortation at the close was very affecting. A number came to the altar and a great altar service was held.

The doctor went away at midnight, and the prayers and wall wishes of everyone who has heard him follow.

The closing services of the campmeeting will be held this morning at 9:30.

The crowd yesterday numbered at least 4,000, some think more, but this is a conservative estimate. The very best of order prevailed everywhere.

LOCAL BRIEFITIES.

Matters of Minor Moment in and About the City.

THERE was not a case for the police court Saturday morning.

A SPECIAL meeting of the council committee on cemeteries has been called for this evening.

WEDNESDAY evening the Wheeling Park bartenders will give their annual picnic at the park, for which the Opera House orchestra will play.

A YOUNG man of Martin's Ferry named McNichols had his head cut open in a fight at a dance on Glenn's Run Saturday night, and was attended to by Dr. J. M. Hogan.

JOE WILLIAMS will leave to-day for Pittsburgh. He will run from there to Connelewell for three weeks and then go to New York. He has a very good job running on a dining car.

ED STEIN and Charles Fox, of Wheeling, and Jack Burso, of Benwood, drove to Sistersville, making an easy jaunt of it and having a good time. They will remain some days.

YESTERDAY a lost child was picked up and taken to police headquarters. It was too young to give an account of itself, but later it was called for. The parents are named Sharp, and live on Lynn street.

It is expected that the steam road-roller recently purchased by the board of public works will be here to-day. A deal has been suggested by which the county may also have the benefit of the machine on macadam roads.

A MARRIAGE license was issued on Saturday to Richard Kroegel, a native of Germany, aged 21, and Carrie Tempin, a native of Germany, aged 21; also to Herman Zimmerman, a native of Wheeling, aged 22, and Annie Holbrook, a native of Wheeling, aged 21.

The certificate of incorporation of the Digby Oil Company was left for record at Clerk Hook's office Saturday. The incorporators are C. A. Robinson, Frank Booth, Frank T. Hare, A. S. Hare and J. G. Goodman, of Piedmont. A power of attorney was given to H. J. Mendel.

The chemical engine was called to C. Neumann's dyeing establishment Saturday by a still alarm, but it was not needed. There was a general alarm, also, caused by a blaze at the house of Charles Kettler, at Twenty-sixth and Jacob streets, in a bath room. The damage was slight.

SATURDAY a baby hungry was missed from a room in the McClure house. The police were notified, and in the evening Lieut. Ingram found it in the room of another gentleman who happened to be away just then. The thief is known, but owing to the peculiar circumstances, no arrest was made.

SATURDAY's fox chase on the State Fair grounds was such an enjoyable affair that another will be given soon after the State Fair, under the same management, and with more foxes and more hounds. There was considerable interest in Saturday's chase, and one properly worked up would draw better.

The streets were very quiet again Sunday, apparently everybody having forsaken the city. The sun was extremely hot, although the thermometer did not register as high as on Saturday. There was quite a brisk wind-storm Saturday afternoon, and part of the Baltimore & Ohio station was unroofed, but no serious damage resulted.

OIL LEASING ACTIVE.

The Demand for Territory in Ohio County on the Increase.

For some reason the demand for oil and gas leases in Ohio county seems to increase in activity, every day. Who the lessees represent is a matter of discussion, but no light has yet been thrown on it. The territory most desired, apparently, is in the eastern end of Triadelphia district. The terms offered by the agents are much alike in all cases. These require the beginning of a well in ninety days. Several property owners have insisted on having the limit reduced to thirty days, and have succeeded in leasing on that basis. A low have refused to lease on any terms, and others have had attorneys draw up leases for them which were rejected. It is said on good authority that the Standard Company has a man in the field, but it is suspected that much of the leasing is of a speculative character.

A few of the leases on the island have the stipulation that a test well must be started in thirty days, and many people who have paid close attention to the local operations believe that there will be a thorough test there at an early day.

The Vogler Well Is.

A report was circulated here yesterday to the effect that the Vogler well, No. 2, in the Dog Skin district, had come in and was doing at the rate of 200 to 300 barrels a day. Later people who came direct from the field said this report was unfounded, but last night people who came up from Sistersville said the well had undoubtedly been drilled in, but that it could not be said exactly how good a producer it promised to be.

It was also said last night that the Bachman well, in which many Wheeling people are interested, was showing oil in the bailer. There were a number of sensational reports afloat, but no confirmation of any of them could be obtained.

"POODLE" PRICE KILLED.

A Report to that Effect Reached his Family here Yesterday.

Last evening a tramp who had come up from Parkersburg told a story here of the killing of a young man at that place who was supposed to be Harry Price, better known as "Poodle" Price, of this city. The man said a young fellow had been killed there, and that he had on his arm the name Harry Price. The description he gave tallied very closely with that of "Poodle." The father and family of the young man felt almost sure that he was the man, but no details could be obtained, except that he left two notes. Chief of Police Bennett was appealed to, but could learn nothing to confirm the story. The description given, however, was so exact as to make it almost certain that "Poodle" was the man or that the whole story was an invention. He was the youngest and only surviving son of Noah Price, and has been away from home for some time.

WORKING UP THE FAIR.

Agents on the Road—The Greatest Spectacle Yet.

To-day Mr. George Salade will leave for Toledo and Canton, O., where the fair is in progress this week, to interest horse owners and others in the great annual State Fair here the first week in September. This week Robert Anderson will be at New Martinsville and McKee's Rocks. These gentlemen have represented the association here for several years, and know all the people whose interest in the fair would be valuable. The increased premiums, the improved track and enlarged grounds and the enterprise of the management in the endeavor to make the coming fair the opening of a new era, will enable these and other representatives to secure the best of everything in the country. In addition to this, Prof. Nash's equestrian show is the greatest special feature the association ever offered in addition to the fair proper. Everybody who has seen it is enthusiastic in praise of it, and the press gives it a "great send off." For instance the Huntington Advertiser says:

"No fair in America is complete without the presence of Professor Nash and his combination of attractions and wonders. At the Gallia County Fair, Gallipolis, Ohio, last week, he and his associates electrified thousands of people, holding the multitude spell bound while they performed feats of daring and skill the like of which were never before seen. The phantasmagoria, or the aerial trapeze act, is an exhibition of nerve seldom displayed by a woman. She performs wonderful feats upon the flying rings while the machine is being borne around the track at racing speed by four thoroughbred horses hitched within the device.

Different programmes will be given daily during fair week. This show is in itself as attractive as the usual fair, to say nothing of the variety and high character of the usual departments. The bicycle races on the first day are already arousing unusual interest.

Park Bartenders' Picnic.

The gentlemanly artists who dispense beverages to the thirsty throngs at Wheeling park will give a picnic at the park on Wednesday, August 21. There will be many features to attract the general public. The Opera House band will be on hand and discourse promenade and dancing music. Prof. Hawthorne will give a musical entertainment at the Casino, and the bowling alleys will afford enjoyment for those who like that form of amusement. A special motor will leave the park at 1 a. m.

Severe gripping pains of the stomach and bowels instantly and effectually stopped by De Witt's Colic and Cholera Cure. Logan Drug Co., Wheeling, W. Va., B. F. Peabody, Benwood, and Bowie & Co., Bridgeport, O.

Worn Out Women

Should read this letter. It shows the wonderful building-up powers of Hood's Sarsaparilla, the great blood purifier.

"I wish I could stand in some public place and cry to alluring humanity, 'Hear this, ye people, what wonderful things Hood's Sarsaparilla has done for me and my family.' I cannot express what I suffered. Only one of my sex knows what a woman can suffer in my condition. I was prostrate with nervousness and weakness. The least noise would drive me frantic. I decided to take Hood's Sarsaparilla. I am overjoyed to say that I am now well, hearty, rosy and plump."

Hood's Sarsaparilla is the best medicine for those suffering as I have suffered." Mrs. C. C. KIRKPATRICK, Pine Grove, Penn. \$1.50 per box.
